ELEGANT OUTDOOR FURNITURE

2015
CATALOG

WHY KINGSLEY~BATE?

British craftsmen of the 18th century discovered what their Eastern counterparts had known for centuries, that teak has qualities unlike any other wood. Its abilities to withstand the rigors of adverse climate, yet weather attractively, make it the ideal choice for outdoor furniture. We use only premium quality teak and precise mortise and tenon joinery in the construction of our furniture. And while our reputation was founded on teak, our furniture designs have expanded to incorporate the finest stainless steel and all-weather wicker as well. This combination of quality material and craftsmanship provides you with exterior furnishings of exceptional style and durability. Most of our furniture ships knocked-down in cartons, and assembles in as few as 15 minutes.

TEAK

Natural, timeless, sophisticated, durable. Furniture crafted from teak wood is simply the finest leisure furniture available. Kingsley-Bate upholds this tradition with a range of teak furniture that is unsurpassed in quality and luxury, interpreted in styles that are classic, modern, and everything in between.

- Crafted from 100% sustainably harvested, premium Grade A teak
- Impervious to sun, rain, and snow; suitable for salt air environments
- Precise mortise and tenon joinery
- Weathers to silver gray over time or may be treated to maintain golden brown color
- Collections made from reclaimed and rustic teak are hand finished in a gray or pewter stain for a weathered appearance
- Solid brass, stainless steel, coated steel or aluminum hardware
- Zippered cushions (sold separately) filled with urethane foam and/or fiber come in a choice of more than 100 premium, weather-friendly Sunbrella® or Outdura® fabrics
- Cushions may be ordered with a water-resistant liner, Sunbrella® Rain fabric, or reticulated (flow through) foam to minimize drying time
- Sling surfaces made from Phifertex®, a 100% vinyl-coated polyester textile that is durable, fade resistant and easy to care for

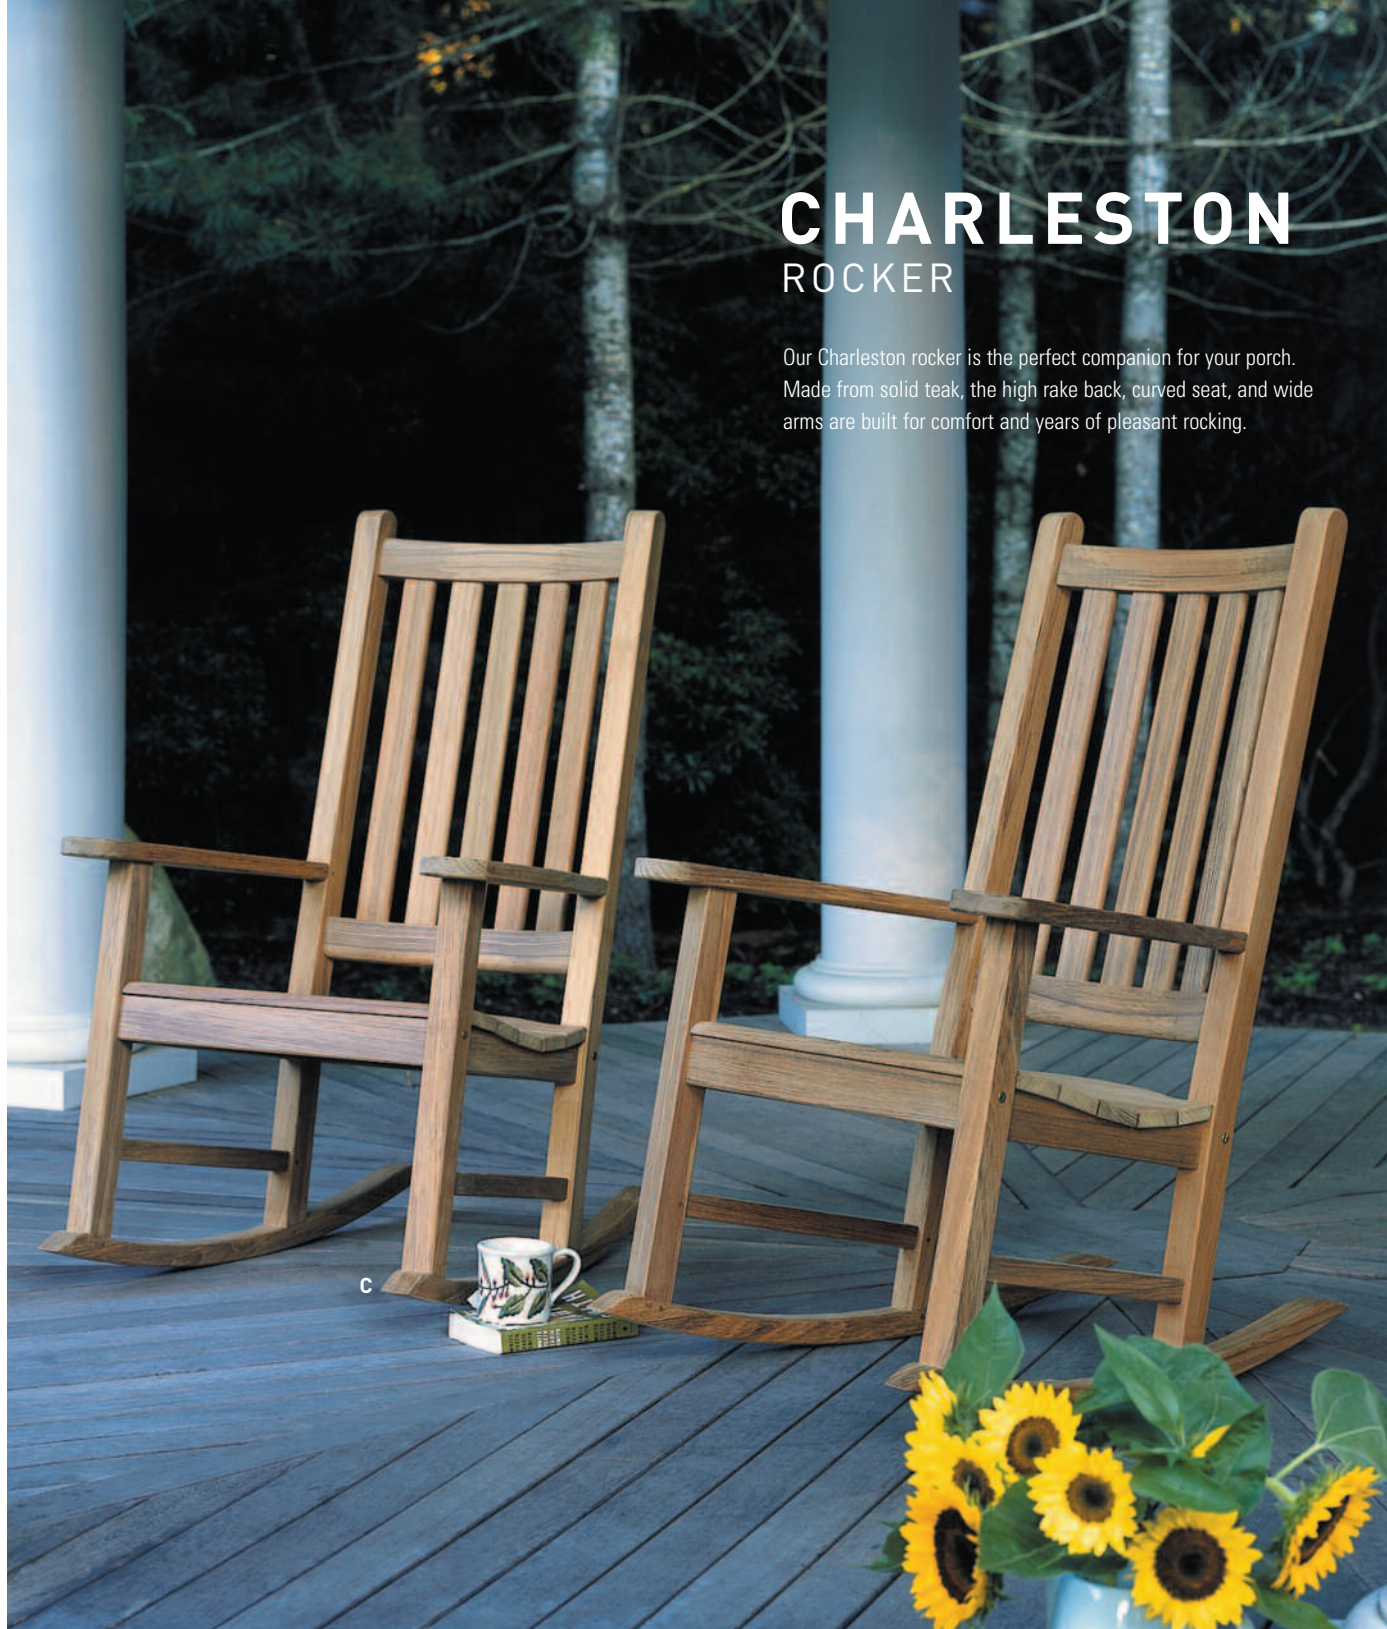

ADIRONDACK

CHAIR & OTTOMAN

The original Adirondack chair was conceived more than 100 years ago in the mountains of upstate New York. Prized for its simplistic Craftsman style and exceptional comfort, it has become one of the most iconic and popular seating items for the outdoors. Our version of the Adirondack chair is extremely comfortable, with a seat and back that are perfectly angled for relaxing, reading, or conversing with friends. Made from solid teak with brass hardware.

CHARLESTON ROCKER

Our Charleston rocker is the perfect companion for your porch. Made from solid teak, the high rake back, curved seat, and wide arms are built for comfort and years of pleasant rocking.

BRUSSELS

TABLES

With wide plank tops and trestle style bases, Brussels is our reinterpretation of antique Belgian farmhouse tables. Each piece is crafted from reclaimed teak that exhibits natural imperfections – such as knots and coarse ridges – to ensure that no two pieces are exactly alike. Tables are finished with a gray wash for a weathered appearance and stain resistance. If left uncovered, the gray finish will gradually fade away. Once the finish fades, exposing unfinished teak to the elements, the furniture will begin to acquire the beautiful gray patina that is typical of untreated teak.

TUSCANY

TABLES & BENCHES

Our Tuscany collection is made from solid, rustic teak. Natural features such as knots, coarse ridges, and splits may occur naturally in the wood, giving each piece of furniture individual character. A beautiful pewter finish is hand applied to achieve an aged appearance. If left uncovered, the pewter finish will fade away after a season of use. Once the pewter finish fades, exposing unfinished teak to the elements, the furniture will begin to acquire the beautiful gray patina that is typical of untreated teak.

VALHALLA

TABLES & BENCHES

Our Valhalla collection is hand crafted with painstaking care to resemble authentic antique furniture. Pieces are made from reclaimed teak that showcases natural imperfections – such as knots, coarse ridges and other rustic features. All items have solid legs, wide planks, and a gray wash finish for a weathered appearance. If left uncovered, the gray finish will gradually fade away. Once the finish fades, exposing unfinished teak to the elements, the furniture will begin to acquire the beautiful gray patina that is typical of untreated teak.

WOVEN

Our woven collections have the authentic, natural beauty of wicker furniture made from organic plant fibers, but none of the typical problems of deterioration when used outdoors. Made from quite simply the finest all-weather wicker available, our furniture resists fading, tearing and cracking even after years of use.

- Crafted from highly durable, UV resistant all-weather wicker fiber
- Wicker fibers have variegated tones, textures and/or matte finishes for an incredibly natural, authentic appearance
- Expertly hand woven around a rustproof, powder coated aluminum frame
- Frames welded 360° for superior strength and longevity
- Perfect for use indoors and outdoors; suitable for direct sun, rain, poolside, and salt air environments
- Collections stocked in one or more of 15 exclusive wicker finishes
- Most collections customizable in additional wicker colors at no additional charge (8-10 week lead time)
- Easy to care for and maintain
- All wicker fiber is environmentally friendly and made from recyclable, non-toxic products
- Zippered cushions (sold separately) filled with urethane foam and/or fiber come in a choice of more than 100 premium, weather-friendly Sunbrella® or Outdura® fabrics
- Cushions may be ordered with a water-resistant liner, Sunbrella® Rain fabric, or reticulated (flow through) foam to minimize drying time

CAPE COD

DINING CHAIR, ROCKER & SWING

With its elegant sweeping lines and fully woven frame, our Cape Cod collection is an updated, more sophisticated version of classic wicker porch furniture. Beautiful enough to be used in an indoor sunroom or kitchen, pieces are constructed from all-weather wicker and rustproof aluminum frames, allowing them to be used outdoors, completely exposed to the elements.

CULEBRA

DINING, BAR CHAIRS & CHAISE

The design of our Culebra collection recalls the windswept beauty of the Spanish Caribbean, with flowing lines, integrated teak accents on most pieces, and our textured charcoal wicker that simulates vintage, weathered furniture. Slim profiles are perfectly balanced and contained within comfortable proportions. All wicker is hand woven around rustproof aluminum frames for exceptional quality and lasting enjoyment.

STAINLESS STEEL

The brilliance of stainless steel and its ability to articulate sharp, angular planes makes it an ideal material for modern furniture design. Combine this with its exceptional resilience outdoors and the result is exterior furnishings of unparalleled splendor.

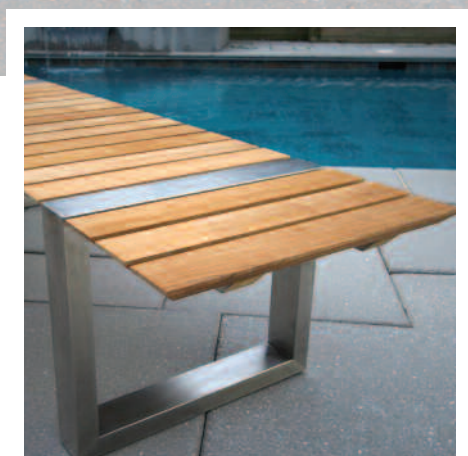

- Crafted from high grade #304 stainless steel
- Electropolished finish available by special order for poolside and salt air environments (10-13 week lead time)
- 360° welds for superior strength
- Welds hand-grinded to seamless perfection
- Integration of Grade A teak wood for function and beauty
- Sling surfaces made from Batyline™, a 100% vinyl-coated polyester textile that is durable, fade resistant and easy to care for
- Sling collections each stocked in three of four available colors
- Zippered cushions (sold separately) filled with urethane foam and/or fiber come in a choice of more than 100 premium, weather-friendly Sunbrella® or Outdura® fabrics
- Cushions may be ordered with a water-resistant liner, Sunbrella® Rain fabric, or reticulated (flow through) foam to minimize drying time
- Perfect for use indoors and outdoors; suitable for direct sun and rain
- Easy to maintain and care for with periodic cleaning
- Teak wood components weather to silver gray over time or may be treated to maintain golden brown color

ELECTROPOLISHING

Stainless steel furniture exposed to chlorinated pool water or used within 10 miles of the ocean should be ordered with our electropolished finish. Electropolishing provides steel with additional resistance against discoloration and corrosion. Steel that has been electropolished will have a mirror finish versus the brushed appearance of our untreated finish. Electropolishing is available by special order only; additional charges and lead times apply.

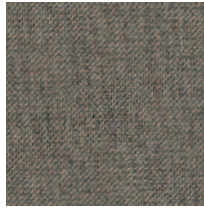

Although electropolished steel is highly resistant to corrosion, regular maintenance is still required to preserve the finish. Residue from salt air or chlorinated water must not remain on the steel for too long and should be regularly cleaned from the surface. Furniture used in harsher environments requires more frequent cleaning. Electropolished steel furniture is not recommended for use around an indoor chlorinated pool.

Note: See website for important information on furniture care and maintenance, and for more details on our care products.

QUICK SHIP CUSHIONS

FABRIC SELECTIONS

Customize your cushions and umbrella canopies with more than 100 designer outdoor fabrics from Sunbrella® and Outdura®. Constructed from 100% solution dyed acrylic canvas, they are water repellent and resist mildew, stains, and fading. **Customer's Own Material (C.O.M.)** is always welcome. You may also order other Sunbrella® fabrics that are not included in our standard line. Contact our customer service department for details.

STANDARD CUSHIONS

Our standard cushions are built for comfort, and filled with either urethane foam wrapped with polyester fiber, or with blow-filled polyester fiber. Color coordinated zippers are standard. Cushions are sewn with a lock-stitch sewing method for superior seam strength and tear resistance. See website for care and maintenance.

High Performance Cushion Options

For furniture that is completely exposed to the elements, we offer cushions constructed with one or more of our high performance cushion options. See website for additional details and for care and maintenance.

Water Resistant Liner

Our water resistant liner encases the cushion fill, providing a layer of protection against water penetrating the core. The liner may be ordered with our entire range of fabrics, and with C.O.M. Additional charges apply.

Note: *liner not recommended for commercial applications.*

Sunbrella® Rain

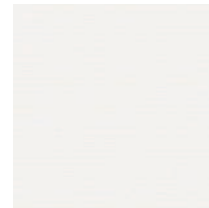

Sunbrella® Rain fabric is highly water resistant and helps to prevent water from entering the cushion core. Sunbrella® Rain is offered in five popular colors: 9953 Canvas, 9908 Fog, 9939 Navy, 9913 Spa, and 9931 Spectrum Mushroom. See page 205. **Note:** *liner may not be used with Sunbrella® Rain fabric.*

Reticulated Foam

Reticulated (flow through) foam provides superior drainage over standard urethane foam, and may be specified with our entire range of fabrics or C.O.M. Additional charges apply.

AN IMPORTANT MESSAGE ABOUT OUR TEAK

Preservation of the Earth's ecological system is today a major concern. Indiscriminate deforestation of the Amazon Basin and other rainforests has led to widespread suspicion by the public of those companies in the teak industry. Kingsley-Bate leads the way in the garden furniture market... the first American company to use Javanese teak in the manufacture of its furniture. Our Indonesian teak is harvested from carefully controlled plantations, established by the Dutch in the mid-19th century. The Indonesian government allows the felling of a limited number of trees each year, and ensures that an equal amount of reforestation takes place. In 1983 Kingsley-Bate, in conjunction with the Indonesian government and its people, undertook to develop a teak furniture program in Java. Since then, Indonesia and Kingsley-Bate have shown that such a program can be implemented without detriment to that country's natural resources. Due to increasing demand for this beautiful hardwood, Kingsley-Bate now uses a select amount of Burmese teak in its productions. Whether Javanese or Burmese, you can be assured that we use only the finest quality teak in our furniture.
